

Registration form

How does online registration works?

- You can register yourself and your children younger than 12 years as a patient at our health centre, through filling out this form. Children older than 12 years and your partner have to fill out their own form. This is obliged due to regulations of law;
- The assistant of your centre will contact you within 5 days after your registration;
- We will ask you to visit our centre on a short notice to show us your ID and those of your children;
